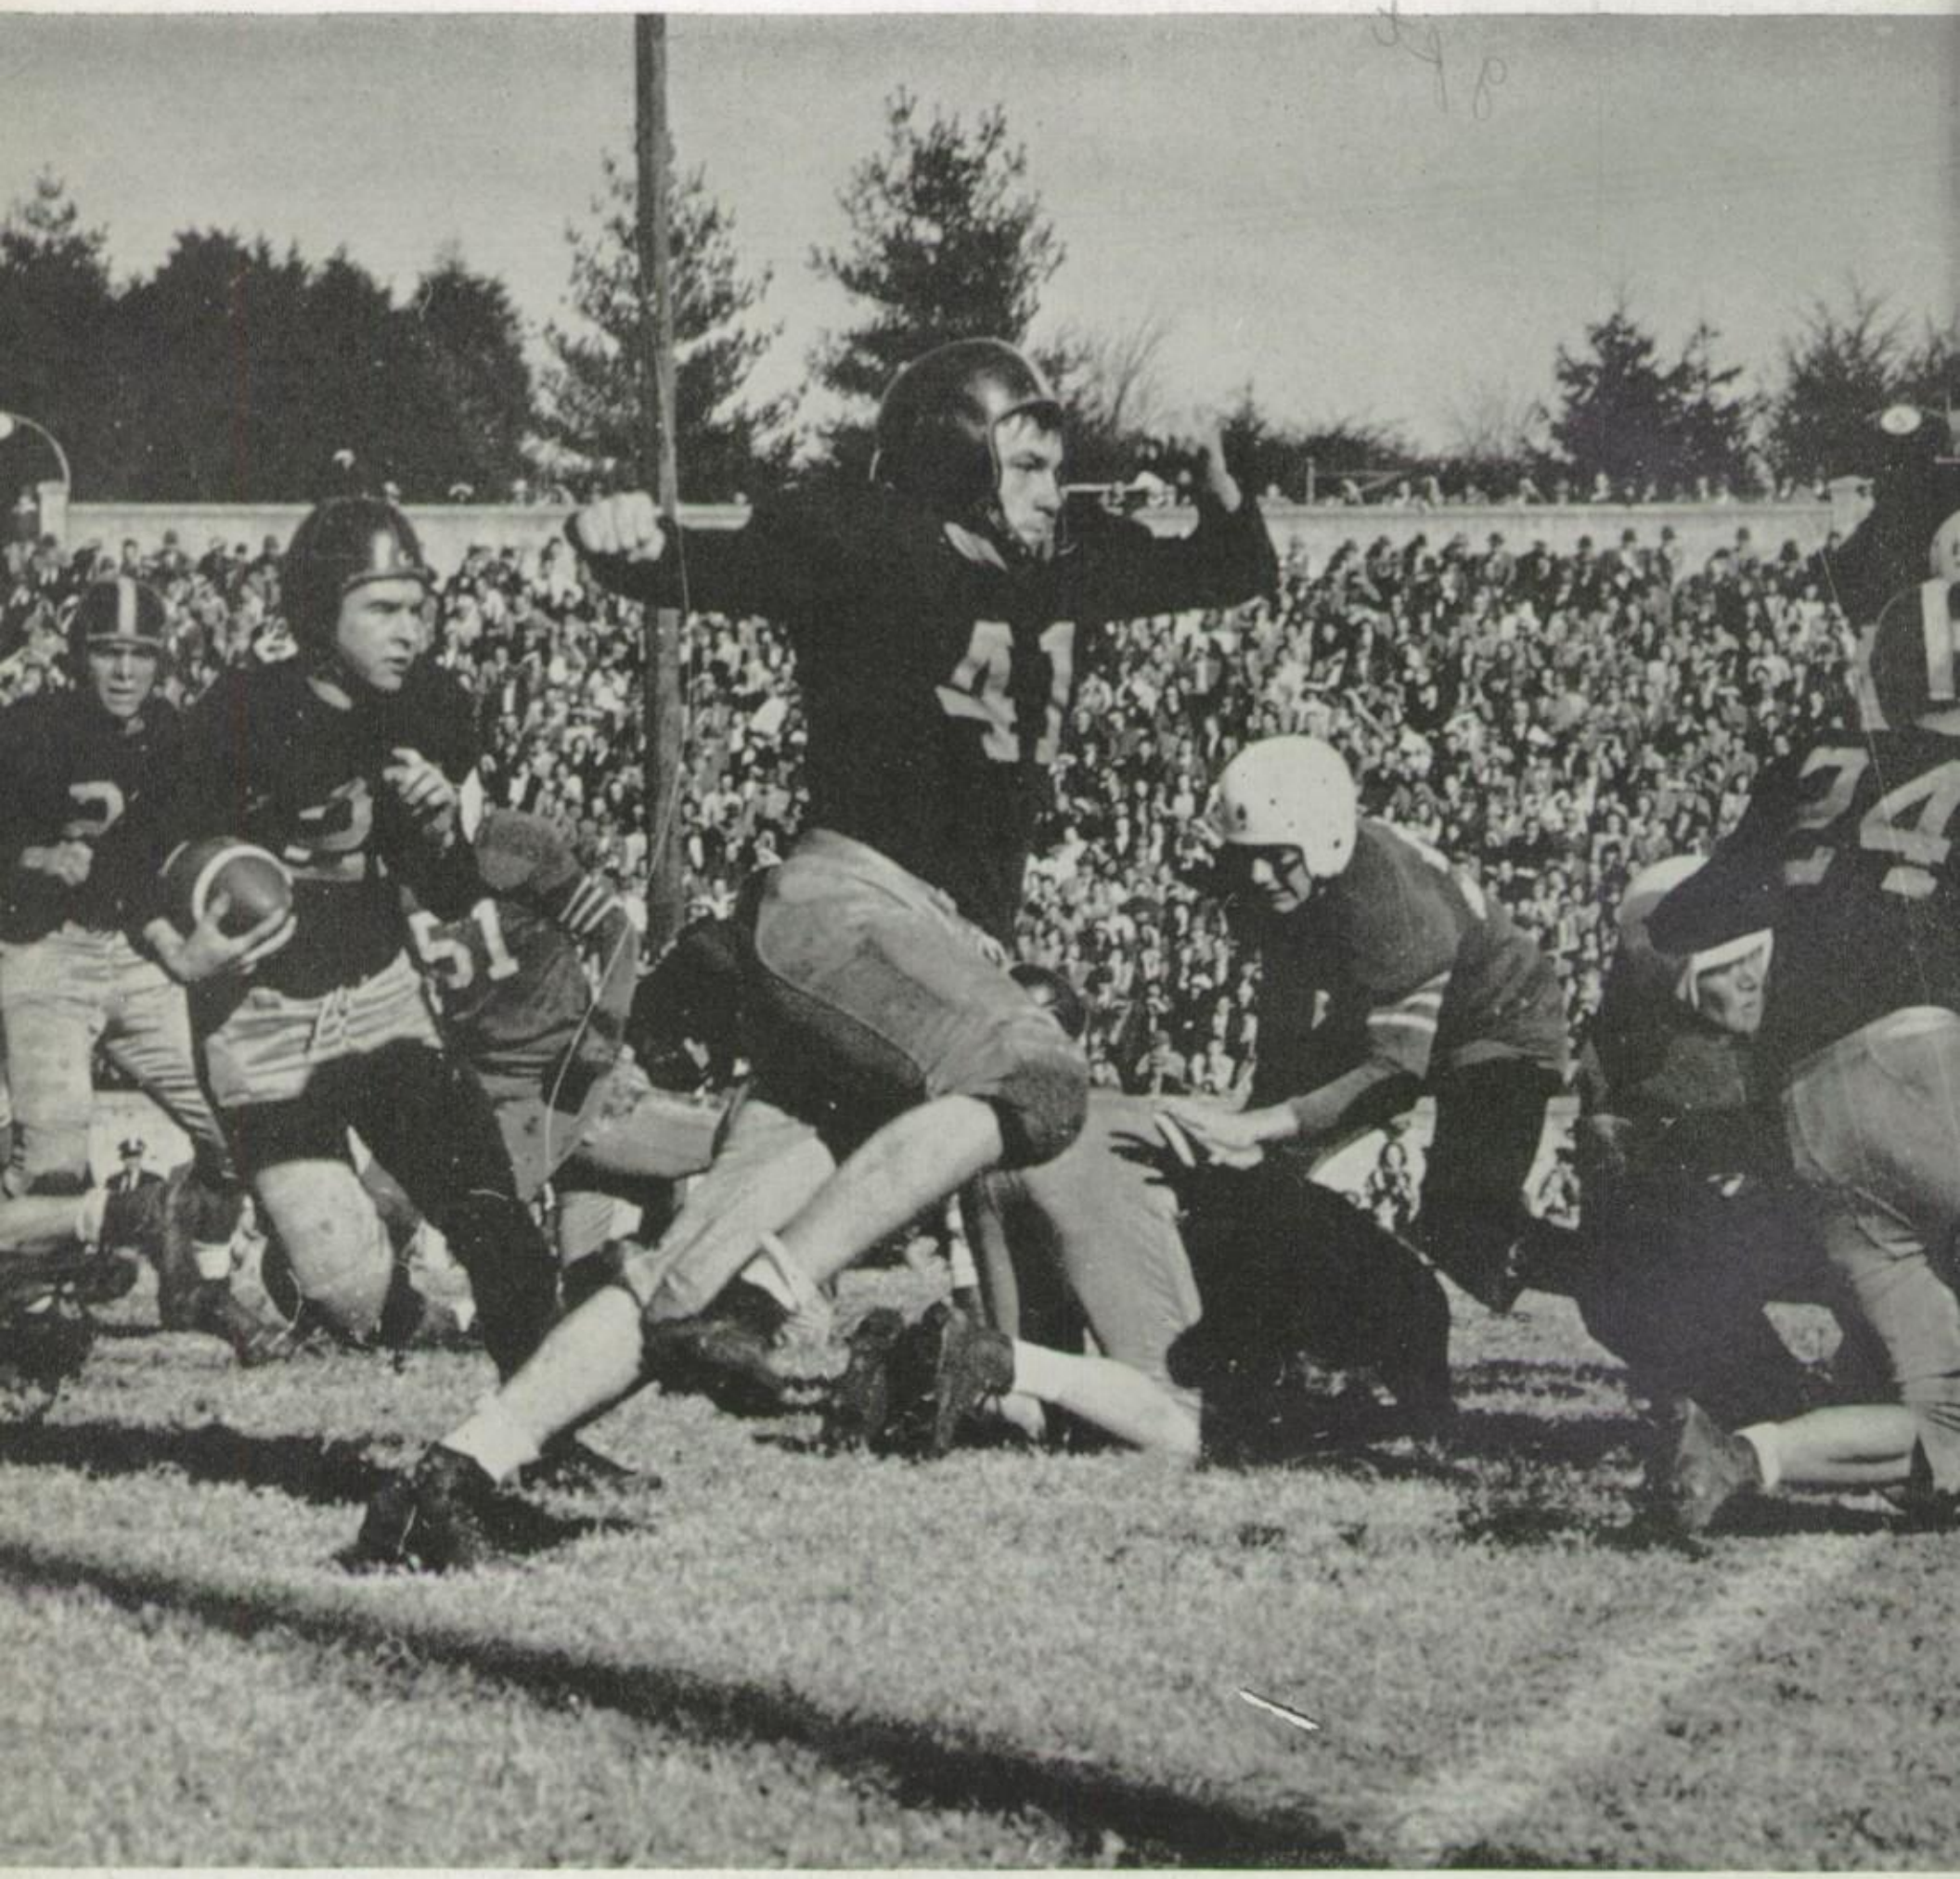
. . . Staked Our Claim

"THOSE WHO LED.."

Dedication



With deep gratitude for the hard work and winning efforts which they have given in order to bring honor and glory to our school, the DOE-WAH-JACK Staff dedicates this, the 1949 DOE-WAH-JACK, to the football team, its players, coaches, and managers.

The harder you fall, the higher you bounce,
Be proud of your blackened eye;
It isn't the fact that you're behind that counts,
But how you fought and why!

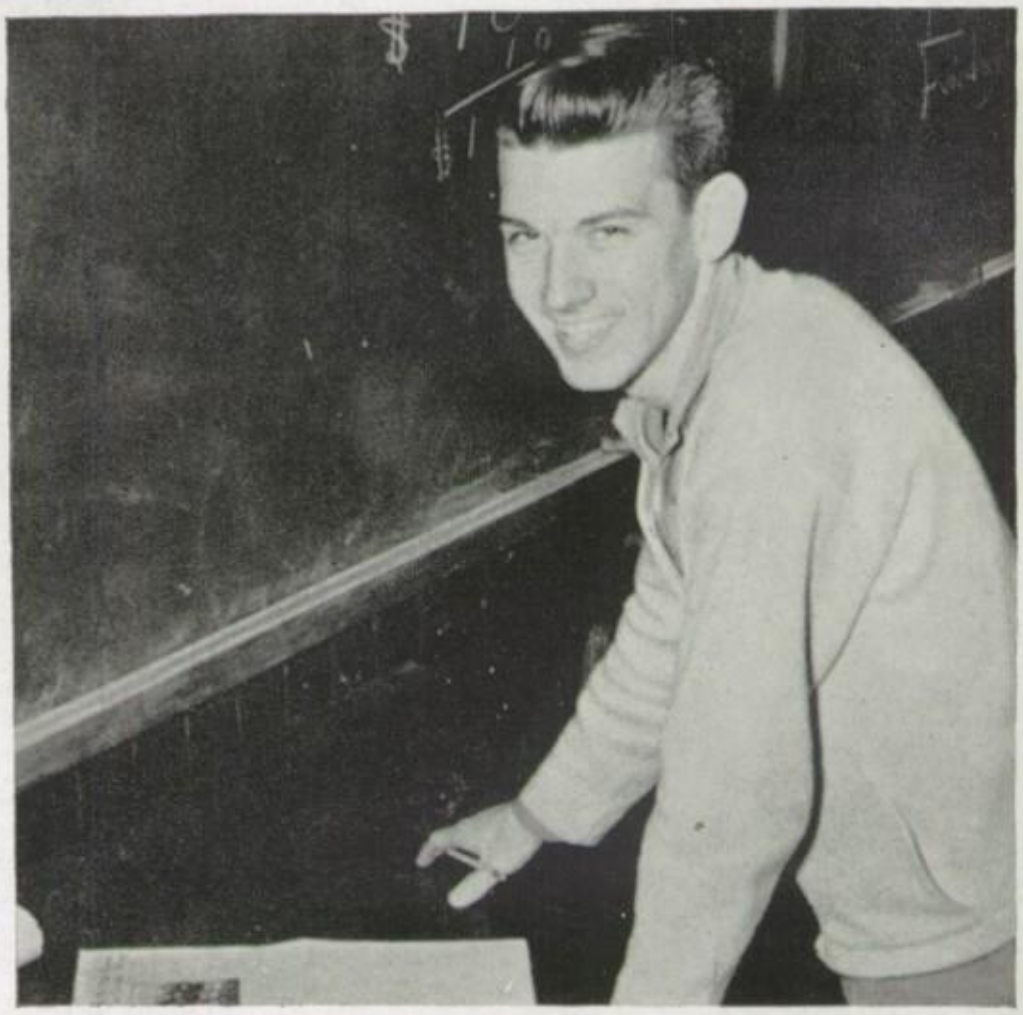
Student Council Officers

Because of their high standards and outstanding qualities as leaders, the following were chosen to lead the student body:

PETE BARNWELL . . . . . *President*
RICHARD PITTS . . . . . *Vice President*
CAROL STUCKEY . . . . . *Secretary*
JANIE BONDS . . . . . *Treasurer*



Student Body President

Pete Barnwell, our student council president, was chosen for this honorable position because of his amazing ability as a leader. He is a fine president and we would like to say that we are very proud of him.

Senior Class Officers

The officers of the Senior Class have a very hard job. To reach the position of an officer of this Class is something of which to be proud. The officers for the Senior Class of '49 are:

MARY LOU MUCKENFUSS . . . . . *President*
NORMA JEAN WORKMAN . . . . *Vice-President*
BETTY SUE CLARK . . . . . *Secretary*
NETTIE CRUTCHFIELD . . . . . *Treasurer*

Junior Class Officers

The junior class, which is now feeling the importance of high school must have able leaders. Such are its officers: President, Buell Moser; Vice President, Bill Hockaday; Secretary, Grady Beck; Treasurer, Garland Tickle.

Sophomore Class Officers

"We're on our way" is the thought in the minds of the sophomore class and their officers: President, Henry Perry; Vice President, Dick Hargrove; Secretary, Bobby Latta; Treasurer, Ronnie McIntyre.

Freshman Class Officers

In the first year of high school these leaders were chosen to guide their class: President, Charles Stutts; Vice President, Delano Underwood; Jacklyn Hodge, Secretary; Jerry Miles, Treasurer.

Senior Class History

Amid the confusion of graduation, with the Prom, Class Day, and Move-up Day passing so swiftly, I stop a minute to think back over the past. Has it really been four years? It doesn't seem possible that after four long years, which have seemed so short, we have finally secured our goal. We are the "forty-niners". Was it worth it? When we receive our diplomas we will all realize how far we have gone and how much we've achieved.

In the fall of 1945 we began the journey which was to bring us to final glory and the thing which we sought—gold. We were told that "there's gold in them thar' hills," and we were going to find it. And so we started on our search under the direction of Principal James A. Gerow and Dr. L. E. Spikes. There were mountains to cross and rivers to ford, but we had the ambition and faith to keep going.

Then we pitched camp for a long and needed rest and continued our journey as Sophomores. It was getting tougher but our leaders—Pete Barnwell, Hamett Brewer, Mary Johnston and George Fidler kept us going. Our teachers and new principal, C. C. Linnemann, guided us and we began to see the future in store for us.

Then we rested again and the caravan of hopeful Juniors resumed its move to stake its claims in the world of tomorrow. We worked harder for we were nearing our goal. This year our leaders were Bobby Tucker, Graham White, Jeannette Zimmerman, and Carolyn Moore. At last we were included in the various clubs and activities. Several of our class members were inducted into the National Honor Society, and the Tri-Hi-Y, the Hi-Y, and the Monogram Club received members from our class. The Y-Teens Club was organized for the first time in our high school. Along with blood, sweat, and tears, we also had our lighter moments. We gave the outgoing Seniors a prom they'll never forget and we got our class rings, a thrill to every Junior. It was a good year, but the best was yet to come.

In September, 1948, we began the last lap of our journey with one hundred and ninety eight Seniors joining the caravan for the final test. The work was harder, the disappointments greater, but we were Seniors, proud and ambitious. There was not much farther to go so we worked and kept trying. Our officers were Mary Lou Muckenfuss, Norma Workman, Betty Sue Clark, and Nettie Crutchfield. The president and vice-president of the student council were Pete Barnwell and Richard Pitts. The high-light of the year was our football team which, under the leadership of our new coach, Mr. Stan Huffman, won the Western Class AA Championship title. Many of the team won individual honors. Editor of the *Barker* was Sue Steele and Ruth Ann Sullivan edited the Doe-Wah-Jack.

Yes, we have reached our destination. The journey is over, the hard work ended. We are the "forty-niners," and it *was* worth it. We have at last found gold.

Nancy Scott,
Historian.

This is the Columbia Broadcasting System.

This is Station WBHS in San Francisco. Stay tuned for latest new commentary sponsored by the Barnwell Hosiery Company.

Good evening, ladies and gentlemen, the news tonight comes from home and is of such a stupendous nature, that it completely overshadows the news from abroad The discovery of gold in California is practically depopulating the eastern states. People from divers walks of life are joining the trek westward. The people who are yielding to the lust for gold represent all the social and economic brackets in the United States. However, there are many people who have gone for other reasons.

Take for instance Drs. Jane and Jean Fuqua, the emminent psychiatrists who are doing extensive research to determine what produces the desire for gold. Other members of their scientific staff are Betty Sue Clark, Carolyn Moore, Betty Jean Jones, and Mary Louise Mitchell.

The higher intellectual bracket is well represented by Hamett Brewer and Julia Alford who are establishing a new university in California with the help of Bettie Crawley, Dean of Women, and Joe Trollinger, Dean of Men. On their staff will be professors Ann McCuiston, Evelyn Boyd, Donna Ensley, M. L. Muckenfuss, Bobby Bonds, Alice Garrett, Barbara Gryder, James Rhodes, Patsy Stadler, and Norma Workman.

We have a flash here which states that Florida is launching a propaganda campaign. The state has employed such stellar characters as Harvaline Lindsey, Haywood Henderson, Nancy Scott, Dorothy Sessoms, Faye McDade, Roy Grant, Fred Hoffman, Nancy Thompson, and Christine Toumaras.

The movie industry has realized the opportunites offered by such a situation and has started the filming of *Wagon Wheels*, starring Sue Steele, Betty Staley, and Vincent Vitale as the villain. The supporting cast includes Jeannine Jackson, Bill Foster, and Doris Ivey. A new musical comedy is also being produced with Jean McPherson, Dolores Hagan, Joyce Layton, and Nettie Crutchfield. Cameramen include Wayne Beal and Ralph Holt. The picture is being produced by Richard Pitts and directed by Matt Currin. In charge of costumes are Evelyn Daniels, Sue Stanfield, and Sara Fonville. Incidentally the picture will bring together a famous quartet: George Fidler, Victor Seamon, Johnny Pointdexter, and Billy Ezzell, accompanied by Jacqueline Patty.

The New York designers are capitalizing on the Gold Rush by introducing new western styles designed by the now famous Sally of the Ritz and Jeanette Zimmerman of Saks. The new creations will be published in *Life* (now edited by Ruth Ann Sullivan) and will be modeled by Betty Tatum, Barbara Kimery, Barbara Brinn, Chrystal Boswell, Deanne Canady, Ann Eisenberg, Peggy Fox, Peggy Hallman, and Ethel Horner,

Miss Hilder Williamson, famous Metropolitan soprano, has obtained a leave of absence from her strenuous career to rough it in the California mountains. Many people from the stage and opera will vacation there also. Among them are Elizabeth Anderson, Vance Allen, Coleman Allison, David Chandler, Thomas Clayton, and Bobby Day. Edgar Cobb, always pestered by the autograph hounds, has hired Linley Gibbs, Ronnie Fogleman, Rhulon Fowler, and Jimmy Peerson as body guards.

Alfred Bell is lighthouse keeper at Hawker's Island and his staff includes John Arwood, Nelson Brown, Bill Coley, and Charles Davis.

Misses Ruth and Durango Broadway have finally convinced the New York City government that THEIR family name was used without consent and are collecting big rewards. With the money, they expect to open a young ladies school in Nevada. Notables among the teachers will be Jane Boone, Myrtis Comer, Dorothy Brady, Sue Elliot, Betty Jo Glenn, Frances Futrelle, Nancy Haynes, Viola Luck, and Vera McNeil.

Betty Lou Jarosz, Miss America, has been offered a contract in Ken Murray's *Blackouts* in Hollywood. In the chorus will be Margaret Hall, Peggy King, Enid Isley, Violet Jones, Peggy Love, Erma Lucas, Jo Ann Mann, Patsy Neal, Frances Sessoms, and Shirley Trollinger.

Charles Stafford is considering opening a direct bus line for the benefit of the Goldrushers. His probable driving staff will include Max Hall, Jake Harvey, Bobby Hayes, Buddy Holland, Homer Hogan, Robert King, and Donald Latta. Service man will be Donald Wilson.

Ralph Harris is making plans to utilize some of the land left by the gold rush to experiment with a new kind of lumber. He has employed Tommy Fletcher, Lawrence Fogleman, Jeep Futrelle, Mack Smith, Raymond Drake, Richard McAdams, and Thomas McBane.

Howard Tickle, a successful Government-Man, has opened a school for prospective F.B.I. agents. His most apt pupils are Troy Willoughby, Conrad Hodge, Jack Steele, Taylor Sykes, J. B. Taylor, Rudy Mann, Mull Miles, and Allen Mitchell.

Bill Keziah, Carson Leach, and Robert Marshall will manufacture gyroscopic footballs and basketballs. Technical advisers to the corporation include Marvin Moss, Pat Sellars, A. G. Sutton Fred Harvey, Bill Small, Jack Stafford, C. B. Steele, Bobby Shaw, and Bernice Petty, Bill Perry, Paul Scott, and Willie Sauls have been hired as sales representatives.

Neil Glenn, in his ultra-swanky pool-hall, will use polished gold nuggets (from his own mines) as pool balls. Partners will be Floyd Foster and Carlton Mangum. A large staff has been assembled to run the establishment, including David Nuckles, Bobby Myatt, Bobby Reavis, and Earl Thomas.

C. R. Dennis, florist, is experimenting with the desert cactus flower. His research technicians include Joel Taylor and Frances Thomas.

Well, folks, that's the news for tonight. Don't forget this program is brought to you by Barnwell's Bramble-proof hosiery.

Stay tuned in now for Ma Horner's tried and tested recipes, brought to you straight from her experimental kitchens in Harris Hollow.

Class Song

(Tune of "Oh, Susannah!')

We've come a long, long way since forty-five
Our hearts and aims still high.
We've kept our hopes and faiths alive
And now we say good-bye.
We crossed the valleys and the plains
The river of Despair
At last our goal we have attained
We've reached our Valley Fair.

Chorus:
O, Forty-Niners
Like Pioneers of yore
We've made the perilous journey
To the shining western shore.

In forty-five we heard the call
Of the waiting mother-lode
In forty-six we had progressed
Further on the road.

'Twas A Great Class

In forty-seven we knew the best
Lay yet up on ahead
In forty-eight we faced the test-
We'd soon be those who led.

We hitched our wagon to a star
And traveled through the sky
We knew that over there not far
Our treasured gold did lie.
Across the Plains of Yesterday
We marked a blazing trail
To where our wondrous Future lay-
Prospectors stout and hail.

We throw the challenge down to you
To follow if you will
You'll find no winding avenue
To lead you through hills.
Choose well your leaders and your scout:
Make Right always your guide
Thrust a-side your timid doubts
And you'll reach that other side

We've come a long, long way since forty-five
Our hearts and aims still high.
We've kept our hopes and faith alive
And now we say goodbye.
We crossed the valleys and the plains
The river of Despair
At last our goal we have attained-
We've reached our Valley Fair.

In A Great Year

Class Poem

I stayed a moment longer just the other day,
And as I wandered down the halls, I stopped a while to pray—
A prayer that the Forty-Niners would find their golden bay,
And not forget the happy times they've had along the way.

The moments of love and gratitude, of friends we all have known. . . .
A cloud of faces, familiar places, the Winds of Time have blown.
From out the Past we bring to mind the bright stars that have shone—
To make our high school days the best that we have ever known.

And as we gather round us these memories true and fair,
We lift our heads in fond goodbye to slowly mount the stair—
The stair which in its haven holds either toil or endless care
But fame, success, and happiness, for those of us who dare.

Do you fear the force of the wind,
The slash of the rain?
Go face them and fight them,
Be savage again
Go hungry and cold like the wolf,
Go wade like the crane:
The palms of your hands will thicken
The skin of your cheek will tan,
You'll grow ragged and weary and swarthy,
But you'll walk like a man!
"Do you fear the wind?"

MRS. W. J. BARKER

We never heard our friend express her philosophy of a perfect life, and yet we realize that she was motivated by ideals, worthy and inspiring, realizing that by her interest in the welfare of others she was attempting to shape and fashion her life and the lives of others by a pattern shaped and fashioned by a Divine Power. It was a privilege to come in contact with her and to realize, through her inspirational attitude, that it is really a great privilege to live.

The Dream Of The Freshman

The plans are now being revised for our new high school so the bids will fit the funds available. This, however, will not change the structure of the building—only the plans. There is hope for aid from the state and perhaps from the federal government. If not, the plan is to ask for bids on the new high school in April. It is our prayer that it can be built for the $1,100,000 available.

READ

THIS . . .

before

you decide

on your

profession

DURING the next six years, half a million teaching positions will be available in the United States. Thousands of men and women are needed to replace inadequately prepared teachers now in the schools, to fill the vacancies caused by normal turnover, and to meet the needs of the five million additional children born during wartime. There is a need for elementary and high school teachers, college instructors, principals, superintendents, and educational specialists of every kind.

Now you know the law of supply and demand. When your kind of training and ability are *needed*, offers for it are made more and more attractive.

That is what's happening in the teaching profession. Many communities are taking steps to improve their local school conditions—some are granting salary increases—North Carolina has established a definite minimum salary schedule for teachers.

The ability to teach is a special gift, a valued talent, and no profession provides greater personal satisfaction than teaching. If you are a "born teacher"—make your decision now to join this honored profession. For "Our Teachers Mold Our Nation's Future," and America's future has need of *you*.
